

AI Solutions in CCTV Camera Suite

- Crowd Detection & Crowd Counting
- Queue Analysis & Queue Length Detection
- No PPE Kit Detection
- Perimeter / Intrusion Detection
- Boundary Loitering Detection
- People Counting
- Object Removal Detection
- Camera Tampering Detection
- Armed Person Detection
- Video-Based Fire & Smoke Detection
- Human Behavior & Pattern Recognition
- Automatic Number Plate Recognition (ANPR/LPR)
- Stopped Vehicle Detection
- Wrong-Way Detection
- Speed Violation Detection
- No Helmet Detection
- Debris & Garbage Detection

Frigate / ONVIF & Core CCTV Features

- ONVIF-Compliant Camera Integration
- RTSP Stream Support (IP Cameras & NVRs)
- Zone-Based Detection & Alerts

- Real-Time Event Notifications
- Snapshot & Video Clip Recording
- Smart Recording (Event-Based Storage)
- Camera Health Monitoring
- Multi-Camera & Multi-Location Support
- Integration with Existing VMS/NVR Systems
